Professional: Care documentation & shift handoffs • Family communication • Care-team collaboration • Discretion

PROFESSIONAL EXPERIENCE

Private-Duty Caregiver / CNA **2021 – 2026**
Private Family | Brooklyn, NY

- Provided nearly five years of continuous, one-on-one in-home care for an elderly client living with dementia, maintaining consistent daily routines that supported her comfort, dignity, and independence.
- Delivered full personal care, including bathing, dressing, feeding, toileting, transfers, and mobility support, with close attention to safety and fall prevention.
- Monitored and documented changes in health, mood, and behavior, and reported observations promptly to family members and care staff.
- Created structured care plans, monitored the client's general health, and adjusted routines as daily needs changed so the client felt better day to day.

Caretaker, Coordinated Care Team **2026**
Private Client | New York, NY

- Served as caretaker within a multi-person care team, providing comfort care tailored to the needs of an elderly client.
- Prepared concise family updates and detailed care reports on comfort, appetite, and diet, helping the family stay informed and make decisions.
- Kept accurate shift notes and handoffs so every caregiver and family member had a clear picture of the client's needs.

In-Home Caregiver **2016 – 2021**
Private Clients & Families | New York City

- Supported older adults with memory loss, chronic conditions, and recovery after illness through personal care, companionship, meals, errands, and transportation.
- Built long-term relationships with clients and families through reliability, patience, and clear communication.
